

# A guide to the new Cox product names

From October 2004 Cox will begin changing existing single component product names. The new names are grouped together in clear product families to give a better indication of the products' functions and capabilities. The official launch date is January 2005; below are the new family names, a brief description and lists of the old and new names.

**The product codes will not be affected and remain unchanged.**

## Easiflow™

### For low viscosity material

Specifically designed for the professional and DIY markets, these cartridge applicators are built to the same high standards as all Cox applicators and represent excellent value for money.

Old name	New name
Stratton	Easiflow LD LITE
Kennet	Easiflow LD
Wexford 2	Easiflow HD LITE
Wexford	Easiflow HD

## Powerflow™

### For medium to high viscosity material

This range of manual applicators caters for all the needs of the professional, whether using cartridge, sachet or bulk material.

Old name	New name
Chilton	Powerflow CARTRIDGE
Chilton XT	Powerflow CARTRIDGE HP
Avon	Powerflow COMBI
Cotswold	Powerflow BULK
Jumbo Quart	Powerflow QUART
Pennine	Powerflow 1000L
Malvern	Powerflow 1000S

## Ultraflow™

### For very high viscosity material

A range of high-powered manual applicators – amongst the most powerful in the world – these are ideal for use with very high viscosity sealants and adhesives.

Old name	New name
Ascot	Ultraflow CARTRIDGE
York	Ultraflow COMBI
Portland	Ultraflow BULK

## Electraflow™

These applicators are powered by 4.8V NiCad rechargeable batteries.

Old name	New name
Battery gun	Electraflow CARTRIDGE
	Electraflow SACHET

## Ultrapoint™

A unique applicator specially developed for pointing and grouting.

Old name	New name
Pointing gun	Ultrapoint MANUAL
Air Pointing gun	Ultrapoint AIR

## Soloclamp™

These clamps can be operated simply with one hand and are available with plastic or metal jaws.

Old name	New name
Solo clamp	Soloclamp 100p/100m
	Soloclamp 150p/150m

## Airflow I™

Pneumatic applicators using Cox's heavy duty handles making this range ideal for the most rigorous applications, indoors and out.

Old name	New name
Winchester	Airflow I CARTRIDGE
Wilton	Airflow I SACHET
Sherborne	Airflow I COMBI
Sherborne HP	Airflow I COMBI HP
Air Pennine	Airflow I 1000L
Air Malvern	Airflow I 1000S
Air Cotswold	Airflow I BULK

## Airflow II™

A range of pneumatic applicators providing quiet operation – less than 70dB – ideal for indoor applications where low noise levels are crucial.

Old name	New name
Tyne	Airflow II CARTRIDGE
Trent	Airflow II SACHET
Tamar	Airflow II COMBI
Air Jumbo Quart	Airflow II QUART
Air Portland	Airflow II BULK
